

At C.B. Smith Park Since 1983. Ages 5-16

### **SICK CAMPER POLICY**

**Daily Health Check** Each morning campers will receive a temperature check and asked how they are feeling. PLEASE keep your child home and notify camp if:

- ❖ In the past 48 hours, the camper has had:
  - A fever of 100.4°F or higher
  - A cough
  - Shortness of breath or difficulty breathing
  - A sore throat
  - Headache
  - New loss of taste or smell
  - Muscle or body aches
  - Nausea/vomiting/diarrhea
  - Congestion or running nose not related to seasonal allergies
  - Unusual fatigue
- ❖ Someone living in the household with the camper has reported any of the above symptoms AND the camper is not fully vaccinated against COVID-19.
- ❖ The camper has been in close contact with someone with suspected or confirmed COVID-19 AND the camper is not fully vaccinated against COVID-19.
- ❖ Within the past 10 days, the camper has had a positive test result for COVID-19.
- ❖ The camper is currently awaiting the results of a COVID-19 test.
- ❖ Within the past 14 days, the camper has been instructed by a public health or medical professional to self-monitor, isolate or quarantine because of concerns of COVID-19 infection.
- ❖ The camper has taken medication to reduce a fever prior to coming to camp.

**Illness During Camp** If a camper presents a fever of 99.5 degrees Fahrenheit or higher or reports feeling ill during camp a parent or legally authorized adult will be called to pick them up immediately. In the case where a camper who has attended camp tests positive for COVID-19, we will notify all parents with children in that group without releasing any information about the camper's identity.

**Returning to Camp After Illness** Should a camper be sent home from camp due to illness with any type of symptoms, our policy is: If the symptoms are not suspected of being COVID-19, the camper can return to camp after they have been symptom-free for a full 24 hours WITHOUT the aid of fever reducing medicine.

\*\*Any camper with symptoms of **of suspected or confirmed COVID-19** can return to camp when: At least 10 days have passed since the symptoms first appeared **AND** At least 24 hours have passed since recovery (defined as no fever without the use of medications and improvement in respiratory symptoms like cough and shortness of breath)
